District 22 Business Meeting 3/16/2022 6:50pm

- GSC Items: Miranda is planning to review these in more depth later as well as joining Cara for one of her office hours. In general, there are the same items as we see every year along with some items that seem to be undoing items that were voted on last year. There will probably be several controversial items, so she'd be especially interested in hearing feedback from the groups. There are some items about changing language in some of the literature. We will provide feedback to Miranda at our April District meeting.

**GROUP REPORTS:**

**Searching & Fearless** – not doing much in terms of service structure stuff. Still hybrid with 12-18 people on zoom.

**Ladies Big Book Study** – Didn't have to wear masks. Still doing hybrid meetings. Came to the conclusion to print a blurb about keeping the speakers centered on talking about alcoholism.

**Sunday Night Workshop** – Had a spirited discussion about whether to use the Preamble. Brandy received the travelling trophy. Were able to take masks off last week.

**Monday Night Stag** – nothing to report.
