Flyers - information isn't getting to webmaster@lincaa.org, that is the primary email address.
Encourage members/groups/AA event organizers to send their info to the webmaster to update the website.

Possibly developing a flyer about Intergroup. Committee chairs and info about committees could be listed.
Possibly post it on the website. This would help answer questions about intergroup. Also, a way to stay connected to individual groups.

Norfolk Regional Center is asking if meetings could start at the Lincoln Regional Center. There were meetings at the (Lincoln) forensic unit but those meetings no longer take place. Nortork Reginal Center asked because they have residents moving to Lincoln.

Encourage members to look at other AA events before planning another AA event.
