Corey transcribed the position descriptions for the service binder. Would like to put service position descriptions on the website. Might encourage people to come to intergroup. Would like the information read when elections happen. Motion to put officer info on website. 2nd. Laura has been looking at the surrounding areas for examples of how things are happening. Suggested with review it and come back next month and decide if we need to adjust it before we post it on the website. Will review and discuss at next intergroup meeting.

Central office is refining the hotline list for 12th step calls. The list is very outdated. Central office and hotline has two different lists. Discussion about whether intergroup pays for central office hotline. Central office pays for their answering service, but hotline provides the list of visitors.
